4000 Now Idle in 4 Area Strikes

2000 Off Jobs in GSI Walkout; Blast Plant Workers Negotiating

Nearly 4000 Quad-City area workers were idle today as an increasingly grim labor front as General Steel Industries, Inc., joined the growing list of area industrial strikes.

About 1300 members of United Steelworkers Local 1022 at General Steel went on strike at 11:59 p.m. Friday in a deadlock over terms of a new contract.

The plant shut down immediately, and a company spokesman said the steelworkers' strike eliminated work for 700 other hourly employees.

The shutdown was orderly, the company said. The walkout began shortly after the last of two meetings for union members, held Friday for the purpose of voting on a contract offer submitted by the company, was concluded in the Labor Temple.

Union members voted 538 to 125 to reject the offer.

Most of the workers were out of the plant by the deadline for expiration of the old USWA contract at midnight. The company's four furnaces were banked during the weekend.

The steelworkers posted pickets at the plants main gates along State street.

Over Local Issues

While company officials declined to discuss details of the proposed contract rejected by the steelworkers, union leaders said the issues primarily were of a local nature.

Clyde Boyd, representative of the Granite City USWA subdistrict for Local 1022, said the company "followed fairly along the terms of the old steel package" in its economic phase. He said rejection of the contract was based principally upon issues involving seniority and assignment of overtime work.

The 2000 men thrown out of work by the new strike joined nearly 1000 members of Chemical Workers Union Local 50 who are on strike at the blast furnace plant of Granite City Steel Co., 700 United Steelworkers who are on strike at the Madison plant of Dow Chemical Co. and about 60 members of International Association of Machinists District 9 who are on strike at American Steel Foundries.

In addition to the nearly 1000 workers off their jobs at the blast furnace plant, approximately 250 other craft workers also are included. American Steel Foundries is continuing operation since its 750 steelworkers ratified a new contract early in October. At the Dow plant about 250 workers and employees are continuing on the job under an injunction prohibiting interference with their entrance to the plant. Dow Chemical also is continuing operation with supervisory help.

In an effort to resolve economic issues in the contract dispute at American Steel plant, company officials and union leaders met in the U.S. Mediation offices in St. Louis Friday afternoon, but broke up after an hour and 15 minutes with no further sessions scheduled. No progress was reported in the brief discussion. Wages are the main issue in the contract dispute.

Law to Tighten Landfill Control Told at Hearing

Measures to provide the Illinois Department of Public Health with more authority over landfill operations will be introduced in the Illinois legislature in January, a member of the Joint Air Pollution Study Committee, said, following a hearing Friday at the courthouse in Edwardsville.

State Rep. J. Theodore Meyer, a Chicago Republican who conducted the hearing, said legislation would provide for day-to-day policing of dumps and would require inspections before licenses were issued for landfills.

The hearing was concerned primarily with the Mat Corp. landfill on Chouteau Island, but Mal operators were not invited, nor were members of the sanitation committee of the Madison county board of supervisors.

Allegations of "wrong-doing" at a similar hearing last May in East St. Louis were repeated.

Those testifying about landfill violations included Roger Eble and Robert Ford of Wood River township and members of the county board. Fred Seeger, chairman of the Chouteau Island Citizens Association; Gilbert Killinger, Illinois waste supervisor; Paul Hawkins, acting county sanitation officer; Jack Clifford, former sanitation officer; and George Arnold, a member of the Southern Illinois University-Southwestern faculty.

Haul by Rail

Arnold proposed that solid wastes be hauled by rail to transfer Illinois strip mines. Hawkins later said the cost would make the plan prohibitive.

Hawkins said recent inspections at the Mat site showed three violations and that the operators were notified.

He said the operators have five days to make corrections, and "I can only close them for 10 days. My hands are tied."

Hawkins said he asked the county board for \$6000 to hire an assistant to inspect the site, but said approval came back for \$3000, an amount insufficient to employ an inspector. "My hands are tied," he said to hire an inspector of a part-time basis.

Chouteau Island residents claimed the high water table in the area opens the door for well contamination. Mrs. Vitta Jones said her well is contaminated and that she is forced to haul water from Granite City.

Another resident claimed that open burning made driving hazardous along adjacent Interstate 70 and that the county has no response to complaints. Efforts to keep Missouri garbage out of Illinois also were discussed.

Immediate Start on Lake Park Urged Here

Could Attract Many Tourists and Campers, Planning Group Finds

With both governor candidates committed to development of Horseshoe Lake as a regional park, and with a \$1 billion recreation-conservation bond issue on the ballot tomorrow, a call to proceed with the lake park now was given at a meeting here Thursday.

Horseshoe Lake was described at a Granite City Optimist luncheon as ideal for development as a boating and fishing area, a wide refuge camping site which could not only serve residents of this area but also attract large numbers of tourists.

Principal speaker was Charles McKinney, assistant director of the Southwestern Illinois Metropolitan Area Planning Commission, who also showed color photographic slides of the lake, township supervisor; Paul Hawkins, acting county sanitation officer; Jack Clifford, former sanitation officer; and George Arnold, a member of the Southern Illinois University-Southwestern faculty.

Theodore Mikesell, SIMAPC executive director and Henry D. Karandjich, Horseshoe Lake Area Commission chairman, spoke briefly.

Karandjich served as program chairman and had numerous guests, including members of the Madison County Board of Supervisors, lake commission members and officials of the Tri-City Trades and Labor Council and of the United Steelworkers of America.

Arch, Archeology

It was stressed that Horseshoe Lake has needed potential as a tourist attraction due to being adjacent to Cahokia Mound State Park, possibly the No. 1 archeological site in the U.S., and due to the proximity (eight to ten miles) by way of Interstate Routes 70 and 55 to larger crowds than expected.

With up to 7000 acres of land, the lake park for inclusion in the park as well as the 2200 acres covered by water, McKinney envisioned a development three miles long and one mile wide.

Muskie Cites Trust, Prosperity As Issues

Addressing an audience estimated 1500 to 2500 on the Granite City high school lawn, he drew cries of "Humphrey!"

As he asked, "Which man can best lead the country in the next four years? Who are we going to elect on Tuesday?"

Pleased with the response from the enthusiastic audience, Muskie asserted, "You bet your boots we are. With your help, we can do just that."

Citing "the Vietnam war, the problem narrowly described, law and order, relations between different groups of Americans, the rebuilding of our cities, and the task of cleaning up our air and water," the candidate said the principal election issue is proving to be the man. Which man do they trust to lead the country in the next four years?"

Sen. Muskie asserted, "The presidency is more than an elective office. It is a place of leadership and great influence in directing the country. The president is something special. We expect great things of him."

Reliance On People

He said the attitude of the presidential nominee is important, and stressed his belief that the Democratic party should be supported because of its reliance on people.

"When our founders established this country, they said that to build a real country they needed to build the people, and to do that you need freedom. You need to unleash the creative abilities of human beings."

"Education is the single most important key to unleashing ability. Even before our Constitution, the Continental Congress in establishing the Northwest Territory set aside land for education. They knew they had to begin by building people."

Sen. Muskie said a great country has resulted, with "bricks, mortar and machinery built by people. Our national production increases each year by more than the total production of most countries."

"Free Americans of intellect, knowledge, talent, managerial ability, organizational talent, initiative, and an excellent industrial machine. Why America? Why not some other country? Why not people here come from other countries."

"Why this country? It has natural resources and great people. It has the desire to build a better life for all of us. We must build a country."

Most of those in front of me, Muskie said, are descendants of immigrants. Forty million came from other lands to exercise the

Two Purse Stolen

Burglars broke into the home of Dr. Alan Skirball, 2846 Delmar avenue, before 9 p.m. Friday and stole two purses containing blank checks, cosmetics and miscellaneous items. Entry was gained by removing a screen from a bedroom window and opening the unlocked window.

5200 Cash Stolen

A billfold containing about \$2000 in cash was stolen from Ernest Allison, 1726 Edwardsville road, he reported to Madison police at 4:25 a.m. Saturday.

3 Hurt at Protes-Henry

A collision at 2:30 p.m. Saturday injured three persons and damaged the front of the car of Neal Reppas, 28, of 4027 Alton road, pain in spine, and Gary Keel, 11, of 1812 Bremen, hematomas to left leg. The driver and two other passengers escaped apparent injury.

Crash Injuries Severe

Severe injuries resulted from a crash at 11:50 a.m. Saturday involving the front of the auto of Charles Keel, 34, of 1812 Bremen, and the left side of the car of Larry Garner, 22, of 2008 Primrose avenue, southbound on Ball avenue. The Garner vehicle had to be towed from the scene.

The accident was the second within a week at or near the Third and Cambridge intersection and brought announcement from Mayor Stephen Ma-

Heavy Voting Is Expected Here Tomorrow

Quad-City and Madison county voters will go to the polls tomorrow—presumably in near-record numbers—to vote along with the rest of the nation in choosing a new President and Vice-President, and to elect new state, district and county officials.

Poling places will open at 6 a.m. and close at 6 p.m. Voting places within Madison county will be tabulated at the office of County Clerk Eulalia Holt as ballots are counted in the county's 186 precincts and reported to the clerk's election staff.

Quad-City voters will cast their ballots in 52 precincts, 32 of them in Granite City, 11 in Venice township, seven in Nanticoke township and two in Chouteau township. The Press-Record staff will compile results, and the office will open until about midnight.

Final preparations for a tremendous job that takes many weeks of work by the county clerk's office—was completed over the weekend with a series of structural schools for judges and clerks who will conduct the election in precinct polling places throughout the county. Miss Hotz conducted four schools, two of them Saturday at Highland and Edwardsville, and two more yesterday at Alton and in Granite City.

Campaign Issues Lively

Tomorrow's general election will climax one of the most embattled campaigns in several decades, highlighted by the three-way Presidential campaign in which former governor George Wallace of Alabama not only has sparked lively issues over law and order, economy and Vietnam war policies, but also has laid the foundation of what may become a permanent "Fifty-Four" party in the United States political scene.

Similar contests for U.S. Senators in which incumbent Republican Senator Everett M. Dirksen is seeking a fourth term in opposition to strong Democratic organization headed by William G. Clark, incumbent Illinois attorney general, and for the Illinois governorship in which Republican Candidate Richard B. Ogilvie has maintained a hard-hitting Democratic Gov. Samuel H. Shapiro, have added to the election drive a zest unmatched in recent years.

Because of intense interest in the campaign contests at all levels, political leaders predict an unusually heavy vote tomorrow. Some expect the area and county to cast a record vote, to do so voters would have to cast more than the

Venice Approves Additions to Lighting System

The Venice City council approved Thursday night a program for further updating the city's street and alley lighting program under a plan worked out by the council's Light Committee headed by Alderman Lloyd Patterson.

The program calls for addition of six new street lights, relocation of two others and an increase in the lumen power of one other.

The changes are in addition to a completely revised street lighting system completed in Venice a year ago in which virtually every street and alley light in the city was increased three-fold.

Council members adopted a resolution authorizing Illinois Power Co. to make the new installations and the changes recommended in the Light Committee's program.

Three include:

Addition of a 6000-lumen incandescent light in the alley behind Brown street at the rear of the Venice Social Club.

Installation of a new 6000-lumen incandescent light in the alley at the rear of 1032 Douglas street.

Lighting on Seib Street

Addition of a 10,500-lumen mercury vapor light on the west side of Seib street at the alley between Calhoun and Douglas streets.

Addition of a 10,500-lumen mercury vapor light on the west side of Third street at the alley entrance between Granville and Abbott streets.

Budget Proposed For SIU Campuses

An operating budget of \$209,534,734 for the 1968-71 biennium for the Southern Illinois campuses of Southern Illinois University has been submitted to the Illinois Board of Higher Education. It is an increase of \$104,070,507 over the 1967-69 budget.

University President Delyte W. Morris said today that more than half of the increase was necessitated by applying Higher Board-approved formulas to projected enrollments, salary adjustments and costs of opening new buildings. An additional 20% of the total increase, \$19,360,754, was caused by a 1967 law requiring full funding of the current retirement system costs.

Other increases include costs of new degree programs at the two campuses, including the recently approved medical and dental education studies.

Patterson told the council he had discussed the program with Illinois Power Co. officials and that the work will be included in the company's work schedule as soon as possible.

The lights are installed by the power company without cost to the city, but the city assumes the extra power costs necessary to operate them.

Police Training
The council also decided Thursday night to undertake a study of police training programs available through the state and state-funded universities in which probationary patrolmen are given complete police training, with the state furnishing half of the cost.

The council referred the matter to its Police Committee at the suggestion of Mayor John E. Lee, who said he believes the city should require such police training for its probationary patrolmen.

Nearest available training center under the program is Southern Illinois University at Carbondale.

Police training also is given at the University of Illinois, but Mayor Lee told council members he understands there is a possibility that a similar program will be started at the Southwestern campus of SIU.

The council approved bills for payment of \$1090 in engineering fees to Sheppard, Morgan & Schwab for work on motor fuel tax street improvement projects.

Also approved was a bill in the amount of \$1872 to Hardesty & Hanover, New York engineers for McKinley Bridge, for engineering work done on installation of new bridge railings.

The regular Venice council meeting was held Thursday night instead of Friday, the regularly scheduled date, to permit council members and other city officials to attend the political rally for Senator Edmund S. Muskie, Democratic vice-presidential candidate, held in Granite City Friday night.

Month's Rain Fall Here Measures Only 1.54 Inch

A total of 1.54 inch of rain fell in the Quad-City area during October, just over half of the normal precipitation of 2.86 inches, according to the rain gauge at the Granite City Army Depot.

Rain was recorded on only six days of the month, and there has been no precipitation since Oct. 16, when .46 of an inch fell. It brought the total for the year to 22.9 inches, or 7.01 inches below the normal amount of 29.91 inches.

Amounts recorded for the month were .05 inches on Oct. 7, .03 inch on Oct. 10, .49 inch on Oct. 14, .27 inch on Oct. 15, .04 inch on Oct. 17 and .46 inch on Oct. 18.

Rainfall has exceeded the normal amount only two months this year. In May, the register showed 5.40 inches, compared to the normal figure of 3.73, and in July 5.30 inches fell, compared to the norm of 3.20.

The amount of rain during other months of the year, with normal comparisons, were: January, 1.34 inch and 1.98 inch; February, .88 inch and 2.04 inches; March, 1.07 inch and 2.34 inches; April, 1.63 inch and 3.71 inches; June, 1.77 inch and 4.27 inches; August, 1.05 inch and 3.02 inches; and September, 2.32 inches and 2.76 inches.

HAVING FUN are the teenagers who took part in the free Halloween dance given on the parking lot at Nameoki Village shopping center Thursday evening by the Granite City Jaycees.

JC Teen Halloween Dance Draws Crowd

The Jaycees' free Halloween dance, which attracted more than 350 teenagers Thursday evening at the Nameoki Village shopping center, was praised by Mayor Partney, who attributed a drop in vandalism to the special activity.

"I hope the Jaycees continue it every year and maybe even plan more such events. I know they are successful in other communities, and we here in need for more special events for the growing teenage population," the mayor added. "I was there part of the time and saw the band and the fun the young people had. I encouraged the Jaycees to undertake such a project, and I'm glad they did," Partney commented.

John Fornaszewski, chairman of the project, headed a 15-member committee to plan the dance and arrange the transportation and entertainment.

Music was provided by the Burlington Route band from 8 to 11 p.m. All members of the band are high school students. The bus used to provide free transportation was donated by Bowland lanes, and driven by Larry Patton, and Waggoner Trucking Co. provided trailers used for a stage. Barricades were provided by the city street department, Fornaszewski said.

Tentative plans now are being discussed to hold outdoor dances once a month, starting in the spring and continuing through the summer, with other organizations taking part in the sponsorship.

\$24 Millions for Health, Education, Price Reports

Rep. Melvin Price (D-East St. Louis) reported today that \$24 millions in federal funds were spent in the 24th Congressional District during fiscal 1968 on health and educational programs. The district includes all of St. Clair county and 11 southern townships in Madison county.

Cong. Price estimates that a little over \$16 millions were spent for health programs during the fiscal period that ended this past June 30. Of special significance to Congressmen Price was a \$840,000 grant to St. Elizabeth Hospital, Granite City, for modernization and a \$574,599 grant to Wood River Township Hospital for general hospital construction. Both projects were part of the federal Hill-Burton Program.

Price's report indicated that a total of \$2,674,250 in federal monies were spent by the Illinois Department of Public Health for combating health hazards such as environmental air and water pollution, heart disease and tuberculosis.

Rep. Price also estimated the Department of Health, Education, and Welfare spent more than \$7.5 millions in the 24th District, to improve educational programs and facilities. The federal government disbursed \$3.1 millions to local school districts for assistance to educationally deprived children under Title I of the landmark Elementary and Secondary Education Act and \$1.8 millions to schools in areas of intense federal government activity.

More Vandalism Cases Reported

Additional cases of vandalism involving broken windows and damage to autos were reported to police Friday and early Saturday.

Two windows were broken out of a garage door at the home of Paul Howard, 2225 East 27th street, according to a report to police at 9:50 p.m. Friday.

Bill Hebert reported at 6 a.m. Saturday that vandals threw a soda bottle through the back window of his auto while it was parked at his home, 2226 Delmar avenue.

A plate glass window was broken out of the 21st street side of Edson Tool & Die Co., 21st and Edison avenue, according to a report at 12:30 a.m. Saturday.

Quincy Ties GCHS 20-20 On Late TD

The Fighting Warriors football team battled to a 20-20 draw against Quincy Friday evening at the Blue Devils' field. Trailing early, GCHS moved ahead and then saw the host team tie it in the closing seconds.

Warrior Coach Jim Morrison said, "This game had to be one of the finest we have played this season. It has to rank as one of the best offensive games in years."

"We had a total of 419 yards and yet still scored only 20 points. We beat them in every statistic except the score."

Quincy missed a chance to win on its last extra point attempt. A bad pass from center Richard Hickman to run the ball around end, and he was tackled by Eddie Hagnauer five yards from the goal line.

Timely Tackles
Morrison said, "Another game-saving tackle was made by our punter, Mike McGovern, close to the end of the game when he sent a towering punt for 47 yards deep into their territory. Hickman got loose from all our tacklers except McGovern, the last man between him and the goal."

McGovern weighs only about 130 pounds but clung to the 170-pounder until he brought him down."

Quincy outgained the Warriors by a large margin and is a larger team than the Alton Redbirds.

The first score came in the first quarter with 2:16 left when Hickman went off left tackle for a three-yard touchdown run and kicked the extra point.

The Warriors scored in the second quarter with 8:46 remaining when Roger Belshe swept right end for seven yards, breaking several tackles. After a penalty, a second extra point attempt was missed and GCHS trailed 7-0.

In the 15-play drive that started on the GCHS 37, Belshe ran for 15 yards and then eight, and Stan Corey had a six-yard gain.

Hickman passed to Bruce Alton with 5:07 left in the half and kicked the extra point for a 14-0 lead.

Dave Evans, who played

"this best game of the season" according to Morrison, scored from the 23 after a third-period drive from the Warrior 36.

All Tied a Hand
It took only four plays to pick up the six points as Dave Melzer got nine yards on the first play, Belshe ran 22 yards on a reverse, Stan Corey ground out 10 yards and Evans went the distance on an option sweep. The extra point was kicked by Monahan.

The Warriors took a 20-14 edge when Evans scored on a 10-yard quarterback sneak and Monahan kicked the extra point. This score ended an 11-play drive from midfield including a 16-yard reverse carry by Jim Jones.

The Blue Devils got on the scoreboard with 1:52 remaining, getting help on a pass interference call. Hickman finally carried the ball over from one yard out.

18-18 Edge in First Downs
The Warriors had 19 first downs, 311 yards rushing, 108 yards passing on eight of 19 passes, three times for a 47-yard average, lost one fumble and were penalized 50 yards.

The Blue Devils had 16 first downs, 211 yards rushing, 54 yards passing on six of 13 attempts with two interceptions, and were penalized 15 yards.

Belshe had 13 carries for 117 yards, Corey 13 for 50, Evans 10 for 72 yards, Jones seven for 55 yards and Jim Greenwald five for 29 yards.

Melzer caught five passes for 78 yards. Rick Cardwell one for 16 and Belshe one for 14. Belshe earned a total of 143 yards.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

This is the time of year for one of my pet peeves, and sure enough, it came to pass this week.

The deer season opened up during the past several weeks in some western states. There are a number of Madison county residents who take advantage of the different seasons to hunt deer several times of the year in other states as well as in Illinois and Missouri.

Since hunts like this involve time and money, those taking the trips are ardent sportsmen who take the sport seriously. Some probably could be considered to be some of our better sportsmen.

There are several groups of these, however, that fall way short of being conservationists, and these are the ones who persist every year in dumping inedible trash off a handy creek bridge.

Deer Heads in Creek
There was a call about deer heads in a creek off a bridge north of Moro, and investigations showed six heads of west-

MHS Tops Roxana 42-0 for Title Tie

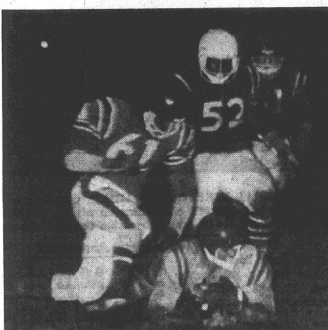

Held to a 7-0 halftime lead, MHS romped to a 42-0 triumph over Roxana here Friday night to assure at least a tie for the Midwestern Conference championship.

Trojan touchdowns were scored by Dale Clinton on a 25-yard pass from Jim Scott in the first quarter; Clinton on a short run around right end, Harold James on a 10-yard plunge through the middle and Dwayne Shaw on a five-yard power play in the third period; and Scott on a pass interception and 60-yard runback and Eddie Hilton on a six-yard pass from Scott in the final quarter.

James kicked the six extra points.

In improving their record to 4-0 in the league and 5-2 for the season, with a road game remaining at Bethalto Friday, Madison gained a shutout but had to repulse several scoring threats by the Shells.

Nixon, Dirksen, Ogilvie Win in ISU Mock Vote

If Illinois State University students at Norma represent an accurate cross-section of feeling prevailing in Illinois, the Republican ticket will sweep Tuesday's election handily.

Richard Nixon pulled 56% of the vote, Hubert Humphrey 35% and George Wallace 9% in mock balloting for the Presidency. Incumbent Sen. Everett M. Dirksen was an even bigger vote getter, however, tallying 71% of the vote against Democrat William Clark's 29%.

In the gubernatorial race, Republican Richard B. Ogilvie rolled up 65% of the student

vote to 37% for Gov. Samuel Shapiro. Illinois State University's 13,168 students come from practically every county in the state, as well as 40 other states. However, just slightly over 10% voted in last week's election.

Totals by candidates were, for President, Nixon, 782; Humphrey, 485; Wallace, 133; for U. S. senator, Dirksen, 989; Clark, 371; for governor, Ogilvie, 584; Shapiro, 506.

The bride is a daughter of Mr. and Mrs. Wilbur Dix, 221 Lenox avenue. Pfc Dillard's parents are Mr. and Mrs. Billy Dillard, 2815 Hodges avenue.

The Rev. Ross Smith and Rev. Jerry Ragan officiated at the 7 o'clock ceremony. The double-ring service was used. Gladious and small white 'mums decorated the altar, and light was furnished by candles in candelabra.

Given in marriage by her father, the bride wore a gown of white Chantilly lace styled with a sabrina neckline and long tapered sleeves. Alternate layers of lace and organza formed the bouffant skirt which swept into a full cathedral train.

She wore a tulle veil and carried a bouquet of orchids, ivy and stephanotis. Her only ornament was an ivory necklace carved by her father.

A program of wedding music was furnished by Miss Phyllis Wallace, organist, and Miss Gayle Cox, vocalist. The songs were "Because" and "Wedding Prayer."

Miss Mary Cheble was maid of honor, and Mrs. Shirley Juckstock, the bride's sister, and Mrs. Norma Fitzhugh, another sister, were bridesmaids.

A niece, Robin Fitzhugh, served as junior maid. They were dressed alike in dark green velvet with trimming of light green crepe with nylon net and velvet bow headpieces. They carried nosegays of green and pink carnations.

Lisa Fitzhugh, niece of the bride, was flower girl. She was dressed in dark green velvet with lace trim. David Parker, a nephew of the bridegroom, served as ring bearer, and Dale Parker, nephew of the groom, carried the bride's train. The candles were lighted by Mrs. Patsy Parker and Miss Susie Dillard, sisters of the bridegroom.

Sgt. Gary Bockstruck was best man, and groomsmen and ushers were Tom Juckstock, and Robert Fitzhugh, brothers-in-law of the bride, Philip Juckstock, a nephew, Paul Parker and Pvt. Raymond Niesporok.

For her daughter's wedding Mrs. Dix wore a rose colored dress with black and rose accessories, while the bridegroom's mother chose a green wool dress and black accessories. Both had orchid corsages.

The bride and groom were graduated from Granite City high school, and the bride is employed by Granite City Steel Co. Pfc Dillard is serving with the U.S. Army and is stationed at Fort Lewis, Wash.

Meeting Planned at SIU-SW For HS Guidance Counselors

Admissions representatives from seven state universities in Illinois will meet with high school guidance counselors from 11 counties at Southern Illinois University-Southwestern campus, Nov. 5.

The day-long session will be held in the Education Center. According to Ed Afsprung of SIU-SW's admissions staff, this

is the seventh of nine such sessions being held throughout the state this fall. Sponsor of the meetings is a joint committee on articulation on state colleges and universities.

Schools participating in the program Tuesday besides SIU-SW are: SIU, Carbondale; University of Illinois, Champaign-Urbana; Illinois State, Normal; Eastern Illinois University, Charleston; Western Illinois University, Macomb; and Northern Illinois University, DeKalb.

In addition to group sessions with each of the schools, there will be a general session on financial aid. Phil Eckert, assistant director of student work and financial assistance at SIU-SW, and a representative from Eastern Illinois University will discuss the various forms of financial aid available at the state institutions.

James Hasbarger of the University of Illinois staff serves as chairman for the meeting. Nearly 70 high school guidance officials are expected from Madison, Randolph, Monroe, Fayette, Jersey, St. Clair, Washington, Bond, Calhoun, Clinton and Marion counties.

Granite City PRESS-RECORD

Immunity Given to Register Old Grenades Until Dec. 1

The new federal gun law puts controls on interstate and over-the-counter sales of firearms and ammunition and requires registration of destructive devices and gangster-type weapons with the Internal Revenue Service between now and Dec. 1, Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said today.

Purpose of the new law is to help federal, state and local law enforcement officials fight crime and violence, Philpott said.

"It is not the law's intent," he added, "to place any unnecessary restraints on the purchase or ownership of firearms used for hunting, target shooting, or any other lawful purpose."

Machine Guns, Bazookas

The gangster-type weapons that must be registered include machine guns, sawed-off shotguns, short barreled rifles and silencers. This includes machine guns classified as unserviceable. Destructive devices that must be registered under the new law are grenades, bombs and rockets as well as certain projectile firing weapons, such as anti-tank guns, bazookas and mortars.

Persons having a gangster-type weapon not previously registered, or a destructive device that must be registered, should contact an IRS office and obtain Form 4467.

Information submitted during this special registration period cannot be used against the person in any criminal proceeding connected with a prior or current violation of the law.

The immunity does not, however, apply to the furnishing of false information.

Fire Call, No Damage

Venice firemen were called at 6 p.m. Friday to 1217 Klein street. There was no damage, firemen said. The alarm was turned in when a pie boiled over in the oven.

After Dec. 2, unlawful possession of an unregistered firearm is punishable by fines of up to \$10,000, imprisonment up to 10 years, or both, Philpott said.

The new gun control law provides that persons under 21 will be prohibited from purchasing

Man Attacked, Beaten At Tavern in Madison

Floyd Carter, 25, of 4066 Kirkpatrick Homes was treated at St. Elizabeth Hospital at 3:40 a.m. Friday for a contusion of the jaw and right eye injuries after he was attacked by two men and beaten in a Madison tavern.

Carter told police he was sitting at the bar in Jerry's Tavern, 1346 Madison avenue, about 3 a.m. when two other tavern patrons attacked him. He said they beat him, knocked him to the floor and kicked him in the face. Carter made his way to the hospital and no report of the incident was received from the tavern, police said. They went to the tavern after interviewing Carter and found it closed.

Carter was released from the hospital after treatment.

Three Divorce Decrees Granted Area Couples

Three divorce decrees were granted to Quad-City area couples last week in Madison county circuit court at Edwardsville. Divorced were:

Alice Jean Pope from Thomas Emery Pope, both of Granite City. They were married April 21, 1960, in East St. Louis. Deserion was charged. Custody of one child was given to the mother, and the father was ordered to pay \$80 per month child support.

Dorothy Reed of Madison from Lester Reed of Bridgeport, Conn. They were married Sept. 7, 1967, in Greenwood, Miss., and separated Oct. 10, 1960. Deserion was charged. Custody of three children was given to the mother. The matter of child support was reserved by the court.

Pauline Baldwin from William R. Baldwin, both of Granite City. They were married Feb. 20, 1937. Cruelty was charged. The husband was ordered to pay alimony of \$180 per month.

Injured in Fall

Joseph Barjo, 80, was admitted to St. Elizabeth Hospital at 2:25 p.m. Friday after neighbors found him lying on the front steps of his home at 2900 Nameoki drive, with his right leg caught in the stairs. He suffered a fracture of the right clavicle.

MORE ABOUT Heavy Voting

90,253 ballots tallied in the 1960 presidential election when the late President John F. Kennedy overhauled Richard Nixon with a topheavy vote.

Record Set in 1960

The 1960 balloting in Madison county was the largest on record. Since that time, however, voter registration has increased more than 15,000 to an all-time record of 120,445 registrations announced by the county clerk's office last week.

High interest in registration during the past few months and a near record number of applications for absentee ballots are cited by some political observers as certain indications of a heavy vote, although they admit the weather factor cannot be accounted for until election day. Inclement weather reduces voting by a considerable degree in any election.

In balloting tomorrow, Quad-City and Madison county voters will elect a President and Vice-President and a U. S. Senator on the national ticket. At the state level they will choose a governor, lieutenant-governor, secretary of state, state auditor, attorney general and clerk of the Illinois Supreme Court. Three trustees of the University of Illinois also will be elected statewide.

In districting balloting, area voters also will choose a clerk of the appellate court as part of the Fifth Judicial circuit. Madison county voters will elect congressmen of the 22nd and 24th districts, with the county split as parts of both. Voters throughout the county

also will elect three state representative districts—the 33rd and 55th. The Quad-City area is in the 24th congressional district and the 55th representative district.

Levee Board Campaign

Election of two members of the East Side Levee and Sanitary district will be confined to the Quad-City area alone, since only that part of the county is in the levee district which also includes part of St. Clair county. District voters will ballot this year on the election of members of the five-man levee board. The other three members are to be elected in St. Clair county.

County officials to be elected include a fourth circuit judge of the Third Judicial Circuit, a clerk of the circuit court, recorder of deeds, state's attorney, coroner and a county auditor.

Voters also will ballot countywide on three special state propositions, each on a separate ballot. An article explaining these three issues is published elsewhere in this issue.

In the race for U. S. Senator at the top of the ticket, Illinois Attorney General William E. Devine is the Democratic candidate, is fighting an uphill battle in an attempt to unseat Veteran Senator Dirksen. Illinois Republican who has become an American institution in the U. S. Senate.

Clark not only is pitted against a candidate rated as one of the best known men in the world, but since his appointment to the senatorial candidacy because of his loyalty to Johnson, he has broken with the President's war policy and drawn criticism of his own party.

The gubernatorial race has highlighted the campaigns of both the Democratic and Republican tickets, with Richard B. Ogilvie, president of the Cook County Board, strongly challenging incumbent Democratic Gov. Samuel H. Shapiro. Shapiro was lieutenant-governor when Gov. Otto Kerner resigned last July.

Both candidates have presented lively issues—law and order, state spending, urban problems, highway building and a host of other important topics. Shapiro has made a major campaign issue of whether Americans will turn from law and order with justice to law and order by billy club and badge.

Ogilvie long has backed the Democratic administration in Cook county and has come out this year, one of few men to accomplish such a feat. He was sheriff of Cook county from 1962 until he was defeated by Scott who held the state treasurer's post for one term ending in 1968. Lovens lives in Chicago, Scott in Evanston.

Promises Clean Sweep

He has campaigned on a promise of a clean sweep of Illinois government with new ideas and approaches. Among other things he has pledged a "new look" at poverty-stricken East St. Louis and said he will assign a man to work full time in the city to map a program of reclamation.

Both candidates have committed themselves to several major projects in the Madison-St. Clair county area, including Hillside Drainage and development of the Horseshoe Lake area.

Madison county Democratic leaders have been particularly interested in the campaign for lieutenant-governor because Paul Simon of Troy, now a state senator, is the Democratic candidate for that post, opposing Robert A. Dwyer, owner of an insurance firm in Winnetka, Ill.

Simon wanted to run for U. S. Senator and traveled all over the state earlier this year to muster support for his appointment to the candidacy by the State Democratic Central committee. He was forced to wait that candidacy in favor of Clark, however, and in return was given the lieutenant-governor post on the ballot.

He has campaigned on promises that he will not be just another political fixture in Springfield if he is elected. Simon said he will serve as an ombudsman, personally investigating complaints by local officials and citizens of red tape and other problems in dealing with state government.

Cites Business Experience

Dwyer has based his campaign on his business experience and has said he will lead state efforts to bring industry and economic growth to Illinois. Dwyer never has held public office, but he has been active in Republican politics for many years as a fund raiser, adviser and organizer of support for local and national Republican candidates.

Campaigns for other state offices have been relatively calm. Michael Howlett, incumbent Democratic state auditor, is running for a third term and basing his campaign strictly on his record. He is opposed by State Sen. William Harris of Pontiac, a assistant majority leader of the Illinois Senate. Harris is a former chairman of the Senate Appropriations Committee and has served in the legislature 14 years.

The contest for Secretary of State brings to the voters two names of long political standing—incumbent Democrat Paul Powell of Vienna, and Donald D. Carpenter, of East Moline. Powell, 66, a former legislator

for many years, is seeking his second term. Republican candidate Carpenter is the son of the late Charles Carpenter, who held the secretary of state's post 14 years prior to his death in 1962. Carpenter, 36, is a state senator.

Francis S. Lorenz, former director of the Illinois Department of Public Works and Buildings, is the Democratic candidate for attorney general. He is opposed by William J. Scott, former state treasurer on the Republican ticket. Lorenz served as state treasurer in 1962 until he was defeated by Scott who held the state treasurer's post for one term ending in 1968. Lovens lives in Chicago, Scott in Evanston.

First on Ticket

Bidding for election as clerk of the Illinois Supreme Court are Miss Fannie Jones, East St. Louis school teacher, on the Democratic ticket, and Justin Taft of Rochester, on the Republican ticket. Miss Jones is the first Negro ever nominated for a state ticket. She is 45 and a graduate of Tuskegee Institute.

Taft is a graduate of the University of Illinois and has held several political positions in the Sangamon county government at Springfield.

Democratic candidates for trustee positions are Kenneth E. Williams of Peoria, Mrs. Frances B. Watkins of Chicago and Timothy R. Blevins of Bloomington. Williams is a trustee and Mrs. Watkins is a former trustee.

Trustee candidates on the GOP ticket are Timothy W. Swain of Peoria, Earl M. Hughes of Woodstock and Russell W. Steger of Winnetka. Swain is seeking election as clerk of the Appellate Court of the Fifth district. James R. McLaughlin of Mount Vernon, incumbent Democratic clerk who is seeking re-election, and David F. Mallett of Troy, who operates an auto dealership in Collinsville.

Opposes Cong. Price
A second attempt to unseat incumbent Democratic Congressman Melvin Price of East St. Louis is being made by Republican John S. Guthrie, an O'Fallon building contractor who was defeated by Price in 1966.

Cong. Price is seeking his 12th term in Congress on his record of service to his 24th Congressional district, which made up of all of St. Clair county and 11 townships of Madison county which includes the Quad-City area. Guthrie has called for tax incentives to encourage industry to help the poverty-stricken area of East St. Louis.

Voters also will find on their candidate ballot one Republican and two Democratic candidates for state representative of the 55th district, although their nomination in the June 11 primary was tantamount to election. Since three representatives are to be chosen, there is no contest for the positions except to determine which candidate receives the larger number of votes.

The cumulative system of voting is used in selection of state representatives. Under this system a voter may ballot for one, two or all three of the candidates. By marking for only one candidate, that candidate receives three votes, by marking only two candidates, each candidate receives one and one-half votes, and if the voter marks all three candidates each receives one vote.

New House Speaker
Republican candidate for re-election is Ralph T. Smith, Alton attorney, formerly of Granite City, who has served in the Illinois House since 1955 and who now is Speaker of the

House. The two Democratic candidates are Leland J. Kennedy and Harace Calvo. Kennedy, 60, is seeking re-election. He served in the House from 1947 until 1955 and from 1963 until the present. Kennedy formerly served on the city council at Alton, where he lives. Calvo lives at 254 Westchester drive, Granite City, and has been a special assistant attorney general since 1961. Calvo will succeed state Rep. Lloyd "Curly" Harris of Granite City whose term expired this year marking his 32nd year in the legislature. Harris did not seek re-election.

Balloting at the county level, Madison county voters will elect a fourth circuit judge who comprises Madison and Bond county. The additional judge is provided under Illinois legislation adopted in a special session of the legislature last July. The fourth position was sought to help alleviate crowded court dockets in the Madison county courts.

Nominated in Convention

Both candidates for the judgeship—William L. Beatty, Democrat of Granite City, and Joseph Republican of Alton—were nominated by their respective county central committees in judicial conventions held in August, following adoption of the legislative act creating the additional judgeship.

Beatty lives at 115 Riviera drive. He has been a practicing attorney since 1950 and is a graduate of St. Louis University. Joseph Republican is a graduate of Shurtleff College and St. Louis University Law School. He is 55.

Local Contest Issue

Spirited campaigns for the state's attorney's post and the county coroner's office have been in judicial conventions held in August at the local level.

Key issue between Leon Scroggins, incumbent Democratic state's attorney, and the Republican opponent, R. W. Griffith of Alton, is the efficiency and effectiveness of the state's attorney's office since Scroggins assumed the office by appointment in January 1967.

Scroggins has campaigned on a record which he says encompasses innovations in the operation of his office, and that he plans future expansion by hiring more assistants to handle a bigger case load. Griffith has proposed changes which he claims will deter crime more effectively and make justice more sure.

The two candidates have engaged in two debates and have issued numerous policy statements during the campaign period. Scroggins is 38, lives at 2641 Roney drive in Granite City and is a graduate of Vanderbilt Law School. Griffith, 45, has been an attorney for 17 years. He is a former resident of Granite City and is the son of the late R. W. Griffith, who served as state's attorney and as circuit judge. Griffith ran unsuccessfully for county judge in 1962.

Candidates for Coroner

The fight for the coroner's post is being waged between two Granite City funeral directors—Leonard R. Davis, Democrat and incumbent coroner, and Robert G. Thomas, Republican. Davis operates the Davis Funeral Home and Thomas is a partner in operation of Mercer Mortuary.

Davis has served as coroner since July 1967, when he was appointed by the county board of supervisors to succeed Dr. W. W. Billings of Alton who resigned. Thomas is a funeral director, conducts the office his main campaign issue, charging the incumbent coroner is spending more than necessary, particularly in employment of a chief deputy.

Charges that Davis assessed the county's larger funeral directors who hold appointments as deputy coroners to aid in his campaign endeavored the coroner's charges and said the contributions were voluntary and that the funeral directors determined themselves the amount that they contributed.

Davis, who lives at 378 Fair Oaks drive, Granite City, served 16 years as mayor of Granite City. He is a graduate of Shurtleff College and attended Land College of Mortuary Science at Houston, Tex. and the Washburn College of Mortuary Science in Chicago. He is 57.

Former Deputy Coroner Thomas is 55 and a graduate of the St. Louis College of Mortuary Science. He formerly served as a deputy coroner for several terms but resigned at the time Davis was appointed coroner.

Other county candidates have conducted a more quiet campaign. Seeking election as circuit clerk are incumbent Democrat Willard V. Portell of Granite City and David E. John, Republican, also of Granite City. Portell is seeking his third term. He is 49 and lives at 2631 Edwards street, John, 3205 Bradley avenue, is 63. He is assistant deputy civil defense director for Granite City and is chairman of the Granite City Zoning Board of Appeals.

James F. Chapman of Collinsville, incumbent Democratic recorder of deeds, is seeking his fourth term. He is 61 and lives in Collinsville. His opponent is Charles "Bill" Burns, Republican, also a resident of Collinsville. Burns is 46 and operates a Granite City restaurant.

John I. Kravynak of Granite City, incumbent Democratic county auditor, is seeking re-election to his fifth term. He is opposed by Pete E. Fuchs, Godfrey, unsuccessful Republican candidate for county treasurer two years ago. Kravynak lives at 2302 Waterman avenue and is 48. Fuchs is 41 and operates the Illinois Credit and Adjustment Agency at Alton.

Levee Board Race

Voters of Granite City, Venice, Nameoki and Chouteau townships will ballot on the election of two members of the levee board of trustees—a five-man board that also includes three members elected in St. Clair county.

Under a new legislative act adopted in 1966 voters of the bi-county district will elect only the board members from their respective county. Prior to adoption of the law, voters in all parts of the district which is made up of parts of Madison and St. Clair counties, voted on all five board member candidates on a district-wide basis.

Con-Con, Bank, Billion Bond Issue on Ballots

Three special state ballots will be presented to the electorate at tomorrow's general election—the constitutional convention, the billion dollar recourses bond issue and the state banking act amendment.

The constitutional convention call will be presented on a blue ballot and will require only an (X) in response to a "yes" or "no" vote on calling the convention. A favorable vote on the proposal will in no way change the present constitution.

To obtain approval, the proposal must receive a majority of those voting in the general election. If five million persons vote and the convention call receives two million for and one million against, the proposal would be defeated.

If the convention is called, two delegates would be elected from each of the 58 states senatorial districts. Dates for election of delegates for opening the convention would be up to the State Legislature.

Delegates would recommend changes in the constitution and whatever the convention decides must be ratified by the people in another referendum.

Convention Options
The convention would have the option of presenting the voters with one, single document revising the constitution or it could offer piecemeal changes, allowing the people to vote on each of them separately.

The delegates also would have the option of ordering a special election or ordering a referendum in conjunction with a regular election.

The bond issue proposal, to be on a white ballot, will be for air and water pollution control, recreational development and for conservation, development and improvement of the state's water resources.

12-Year Bonds
The bonds would be issued over a 12-year period to set the basic framework of a continuous program to cover the next 50 years. The General Assembly would have final control to coordinate and authorize spending of bond issue proceeds and in establishing priorities and determining when and if and for what projects funds would be spent.

The bond issue would make available funds for air and water pollution control through financing of sewage treatment plants and systems, flood control projects and provide conservation authorities with means for developing recreation centers.

The amendment to the Illinois Banking Act, on a pink ballot, would give state-chartered banks equality with nationally chartered banks in establishing branches in foreign countries.

It would provide on-location service for customers who sell Illinois goods abroad. Nationally chartered banks in Illinois already may do this.

Geological Factors

The value of considering geological factors in city and regional planning is illustrated in a recent publication of the Illinois State Geological Survey.

The preliminary study of the subsurface geology, groundwater resources, stream flow and flooding potential, topography and drainage of the area made so evident the close relation of these factors to the future development of the community that it greatly influenced the conclusions and recommendations of the Plan Commission.

The nature of subsurface deposits determines the wise use of the land surface in many ways, the report points out. The bearing strength of the earth materials partially determines the type of construction suitable to the area, whether intensive residential, estate residential, industrial or commercial.

The permeability of the deposits affects their flooding potential, the type of sewer construction necessary and the design of foundations. Excavation characteristics of these deposits also affect construction and its costs. Valuable mineral deposits must be protected by planners so that they can be developed when needed.

Fly Control
Controlling farm flies by sterilizing them was among recent research studies conducted by the Illinois Natural History Survey. Entomologists are controlling flies without insecticides.

By bait that includes a sterilizing chemical is set out for the flies to eat. Laboratory study of weekly collections showed that at times all, or nearly all, of the flies were incapable of reproduction.

Sewing Hints

"I made it myself." Can you make that statement with pride rather than with apology?

Women who sew seem to fall into three categories. Those who are satisfied with anything, because they made it; those who never do well enough to suit themselves; and those who fall somewhere in between.

The slightest deviation from perfection seems to cause many women to feel guilty and to imagine that everyone else notices the mistake.

Important as perfection is, don't be a slave to it. Ripping and stitching and ripping and stitching can give a garment a tired, worn-out look before you start it for the first time. In most instances, you will be the only one who notices some slight imperfection.

Have you ever bought a dress, and after wearing and enjoying it noticed some slight error in stitching or construction that escaped your eye at first? If you had sewn it that way, you would most likely have apologized. Instead, you enjoyed the style, or color or fabric—whatever attracted you to the dress in the first place.

If you are not confident of your ability to sew well, cheap-printed designs and textured fabrics, so that stitching imperfections will be less obvious. Plain-colored, flat-textured fabrics, such as linen and flannel, will show up mistakes.

Top stitching to outline seams or other details should be avoided as possible to avoid the "homemade" look. And if you

find the job too difficult to handle, omit the top stitching. Choose pattern and fabric to suit your sewing ability. Correct any serious sewing mistakes you might make, and resolve to eliminate the small ones from the next garment you sew.

Above all, don't apologize. Be proud of your sewing ability and continue to work to improve it. Sewing can be a rewarding, creative experience and it can also help you reduce clothing expenses.

Provide Toy Space
If you provide good storage space for your child's toys, you are not only teaching him good management, but also to share family responsibility. In addition, he will learn to develop a respect for his toys and their place in the home.

Good storage space plus the right words and approach lead to more orderly rooms, a happier family and a satisfied child.

Denies Former Coroner Paid Wife as Deputy
In a last-minute campaign controversy in the heated contest for election as Madison county coroner tomorrow, Robert G. Thomas of Granite City, Republican candidate, denied today that Mrs. W. W. Billings of Aiton, wife of former Coroner Dr. W. W. Billings received any salary for the services which she performed.

Thomas said reports that Mrs. Billings was a paid deputy coroner while her husband was in office were circulated today.

"Mrs. Billings' title was an honorary one and no salary was appropriated or paid to her for the services she performed in behalf of the coroner's office," Thomas said.

Self-Confidence
Faith is the life-blood of any endeavor — it lingers when everything else seems to be gone.

Debate Focuses

On Experience, Law Enforcement

The Madison county state attorney election campaign heated up a bit Saturday night with the two rivals discussing a variety of issues before a gathering of about 60 in the Elks Rathskeller here. The Tri-City Bar Association served as sponsor. It was their second debate.

R. W. Griffith Jr. (R), Aiton, the first to speak, said permissiveness has reached such a point that many are worried about preservation of law and order. Asserting that many crimes are committed by repeat offenders, he urged more trials, convictions and prison terms.

Remember that putting toys away should be a continual process. Consistency is important in teaching a child any desirable behavior.

Without a clothes dryer, you probably handle more than two tons of damp wash a year... out of the washer, into a basket, out to the clothesline, then back again to be ironed. A lot of time, energy and backache. Get that big load off your mind now—with an automatic clothes dryer... and the new permanent-press clothes and sheets that spare you the ironing chore when they're dried the recommended way—in an automatic dryer. With a dryer and "no-ironing" fabrics, you're a real Liberty Belle, free for the many useful and interesting things the modern woman can do for herself and her family.

Wallace Explains How Ballot Can Be Marked

George C. Wallace, third-party presidential candidate, last urged voters not to write in the name of General Curtis LeMay for vice-president on their ballots.

He warned against striking out the name of Governor Marvin Griffin, which is on the ballots in Illinois and several other states because of earlier ballot position requirements.

"There are several ways to waste your vote," the former Alabama governor said. "One is to cast it for the national Democratic or national Republican who have led us into the foreign and domestic mess we face today. Another is to change your ballot from the way it appears. Just mark the section that has Wallace in it, and that is all you must do."

He cited reports that some Republican and Democratic party workers "are giving some misleading information in this regard. We just want to be sure that the public understands the situation," Wallace said.

Although Griffin's name appears on the ballot in a number of states, Wallace will commend the name of Gen. LeMay to his electors, who, under the Constitution, are free agents and may vote for whomever they choose.

"In the few states where state laws specifically bind the electors to the person named on the ballot, former Georgia Gov. Griffin will officially resign following the election, leaving the electors free to cast their votes for LeMay," Wallace said.

Nursing Dept. Moving To SIU-SW This Week

Southern Illinois University's nursing faculty will move its offices from East St. Louis to the second floor of the University Center at the SIU-SW campus Wednesday and Thursday.

In the spring quarter of 1964, SIU moved its 10-year-old Department of Nursing from Carbondale to the East St. Louis teaching center, making possible for the first time a four-year program in one campus area.

The Department of Nursing was established in 1963 at SIU, Carbondale, as an autonomous unit. The first program was a supplementary one offered to registered nurses. The first class of students in the basic generic program was admitted in the fall of 1967.

Students were transferred during their junior year to East St. Louis for 12 weeks in public health nursing and for one year to the University of Illinois, Chicago, for education in larger hospitals until the program in Chicago became too large to accommodate them.

SIU nursing students now receive their patient-care experience in hospitals in Madison and St. Clair counties and in St. Louis, Lucille McClelland, dean of the nursing faculty, said.

Charges Filed Against Five Motorists in GC

Traffic charges were filed by Granite City police Friday against Rose Marie Yates, 2126 Terminal avenue, following too closely on Madison avenue; Hugh McDonald Jr., Cahokia, disobeying a flashing stoplight at East 23rd street and Nameoki road; Roger Thomas, 1696 Kirkpatrick Homes, failure to transfer an auto title; and LeRoy Klueber, Edwardsville, speeding on Madison avenue.

Collide During Rain

Front end damaged resulted from a collision at 26th street and Madison avenue during rain at 4:30 p.m. Saturday between the northbound car of John Harrison, 2251 Delmar avenue, and the southbound auto of Barbara Hland, 2317 East 52nd street, who was slowing to turn left. The latter car slid on wet pavement and went across the center line, police were told.

Window Broken

A plate glass window was broken on the north side of the Edison Tool & Die Co. building. It was reported at 7 a.m. today.

Eugene Mize, 56, III For Six Months, Dies

Eugene Mize, 56, of 2167 Lynch avenue died of cancer at 4:25 a.m. Saturday at St. Elizabeth Hospital, III, six months. He underwent surgery April 24 and has been hospitalized for four days.

Born in Cadiz, Ky., he had made his home in Granite City for 23 years. He was a retired life operator at Smith & Co., East St. Louis, where he was employed 21 years.

Mr. Mize was a member of the Montgomery Baptist Church in Cadiz.

Surviving are his wife, Mrs. Irene Mize; three daughters, Mrs. Sharon Frailey and Miss Janet Mize, both of Gillespie, Ill., and Lisa Mize of Granite City; four sons, Paul Mize, John Falk and David Falk, all of Granite City and Thomas Falk, stationed in Vietnam; one brother, Edgar Mize of Edwardsville; eight sisters, Mrs. Mae Williams, Mrs. Agnes Kern, Mrs. Brownie Ricks and Mrs. Virginia Bridges, all of Granite City; Mrs. Dorothy Williams, Cadiz, Ky.; Mrs. Frances Bernice Hall, Marion, Ky.; and Mrs. Marie Gant, Huntsville, Ala.; and one grandchild.

Services were held at 1 p.m. today at a Granite City funeral home. Arrangements are given in the obituary column.

Officer Injures Eye With Drain Dissolvent

Ralph Parmley, 2733 Iowa street, was injured when drain dissolvent accidentally sprayed into his eye while he was working on some plumbing in the basement of his home at 12:35 p.m. Sunday.

Parmley, a Granite City police officer, was taken to St. Elizabeth Hospital where the eye was washed and then was transferred to McMillan Hospital in St. Louis.

Pushed Car Hits Auto

While the auto of Harry Snell, 21, of 2119a Delmar avenue was pushing another car he owns and driven by George Turner, 22, of 2126 Washington avenue at 8:30 p.m. Saturday, the latter vehicle struck the rear of the parked auto of Virginia Waterman, 1834 Cleveland blvd., in front of her home. Police charged both Snell and Turner with illegally pushing an auto and driving without driver licenses.

Two Traffic Charges

Venice police arrested Robert J. Rickert, 1717 Third street, Madison, at 8:20 p.m. Thursday and charged him with careless driving and speeding at Sixth street and Broadway. Rickert posted \$25 cash bond and his driver's license pending a hearing Nov. 20.

GOP Poll Watchers To Focus on Area

A group of about 200 trained Republican pollwatchers alerted to watch for attempted vote fraud in Quad-City and Madison county polling places Tuesday will report all suspicious voting incidents to FBI and state police agents, Republican County Chairman Charles Walters of Alton told the Press-Record Friday.

Walters said the pollwatchers—who were instructed under the nation-wide "Operation Eagle Eye"—have been provided with telephone numbers of FBI offices in Belleville and Alton and District 11 state police headquarters at Maryville, so that they may "go around" local police and the Madison county sheriff's office in reporting anything that "seems out of line" in voting procedure Tuesday.

Not only that, Walters said, but pollwatchers in Granite City's 32 precincts and the 11 precincts of Venice township have been asked to be particularly alert for voting violations. Asked why the Republicans were concentrating on these particular areas, Walters replied, "We have a feeling that a lot of people in those areas are coerced or pressured into

voting a certain way when they really would like to vote another."

New Laws Severe

Walters said the local law enforcement personnel too often refuses to intervene in controversies on election day "because of their own vested interest," but he added that this no longer is the case since adoption of new federal laws tacking severe penalties on convictions for election fraud. He noted the new laws carry fines up to \$10,000 and prison terms up to five years for violations of election laws.

Walters said about 200 watchmen will represent the bipartisan "Eagle Eye" operation in the county, with much of the watching to be done in the Quad-Cities because "the election for Republicans will be won or lost in that key area."

He said that a number of

"ghost voters" have been found on the voting lists in various precincts of the county, but he listed no specific instances.

Voters Moved, Dead

"We have found numerous cases of people listed to vote from a particular address and they no longer reside at that address," he commented. "Some moved several years ago and have not been removed

from the records... we have also found cases of people listed as eligible to vote but records show they are deceased," he added.

"Our pollwatchers and challengers in the precinct polling places will stop anyone trying to vote by using these names," he said.

Juveniles Arrested In Halloween Damage

A young Halloween vandal was caught in the act and a group of juvenile egg throwers were hauled into the police station Thursday night in Granite City.

Another report at 8:10 p.m. Thursday showed that several teenagers were taking candy from small children in the 2400 block of Bryan avenue, but police were unable to locate them.

A boy was referred to the juvenile officer and released to his parents after breaking a small pane of glass from a front storm door at the home of Eugene Bellman, 2800 West 20th street, at 7:30 p.m.

The egg throwers, involved among several egg-throwing incidents during the evening, were taken into custody at Oaklawn terrace and then were released to their parents.

Other incidents of vandalism were reported by Floyd Cruise, 2900 Myrtle street, a rock thrown through a window of his 1963 auto; James Champion, 2834 Buxton avenue, a rock broke a porch window; John Varas, 801 Niedringhaus avenue, two tires punctured on his 1965 auto, apparently with an ice pick.

Ludwig Konvicka, 2121 Grand avenue, paint thrown on both sides and front of his porch; and Ruo Zurkultien, 1341 Madison avenue, damage in and out of a house at 4010 Rhodes street, including a window, rear door, holes in a wall and shingles.

300 Youngsters Attend Halloween Party

About 300 children who reside in Lee Wright Homes, Venice, were entertained with a Halloween masquerade party and dance Thursday evening in the recreation center arranged by the Lee Wright Tenants Club, headed by Mrs. Clara Floyd, president, and the management of the housing project.

There was dancing to recorded music under the direction of Miss Beverly Harper, and prizes were awarded to Edmond Rivers, nine, and Cheryl Fuller, 11, whose costumes were judged most outstanding.

Treats were distributed and donations were made by Baicum and New Ways grocery stores, all of Venice, Schermer Bros. Supermarket of Madison and Schermer Men's store of Granite City.
